

DELIVERING THE POWER OF T CELLS TO CANCER PATIENTS

Immatics combines the discovery of true targets for cancer immunotherapies with the development of the right T cell receptors with the goal of enabling a robust and specific T cell response against these targets. This deep know-how is the foundation for our pipeline of Adoptive Cell Therapies and TCR Bispecifics as well as our partnerships with global leaders in the pharmaceutical industry. Operating from Tuebingen, Munich and Houston, we are committed to delivering the power of T cells and to unlocking new avenues for patients in their fight against cancer. We are currently seeking a full-time

Clinical Operations Lead (all genders welcome)

for our Clinical Operations Department to support our team. You will work in Tuebingen or Munich (Germany) or home based in Germany. Your analytical reasoning and action-oriented style as well as your organization and communication skills will contribute to the team's success.

Your main responsibilities will include but are not limited to the following tasks:

- GCP compliant planning, conduct and closure of clinical trials
- GCP compliant oversight of outsourced clinical trial activities
- Ensuring quality for clinical trial activities
- Timeline and budget planning and controlling
- Functional area input into GCP/ GCLP vendor selection
- Selection of clinical trial sites
- Risk management for clinical trial activities
- Management of internal and external stakeholder on clinical trial level
- Ensure training of clinical trial team and external collaboration partners
- Issue management for clinical trial activities
- Performance review and management
- Administration of clinical trials (finances, logistics, clinical trial specific internal and external communications)
- Develop and maintain SOPs, guidance documents and training material

Your profile:

- 5 to 8 years international project management experience in pharmaceutical industry or related field
- Advanced degree in Life Sciences
- Elevated level of individual responsibility, enthusiasm
- Strong and open minded team player
- Proactively drive company standards and global harmonization in clinical operations area
- Proactively drive quality and efficiency to meet timelines and milestones to deliver high quality clinical trial deliverables

We expect a high degree of independent working, analytical reasoning and excellent communication skills in English. You embrace rapidly changing requirements with an open mind, think outside the box and show a high degree of flexibility in an environment which is marked by a constant striving for excellence. You approach tasks in a structured, reliable and foresighted manner, combined with an elevated level of individual responsibility, enthusiasm and strong social skills.

What we offer:

We are a committed and inspired team and cherish the collegial, highly motivated and family-friendly atmosphere within Immatics. Our culture allows for a high level of originality, independent thinking and initiative. We believe in supporting our employees' professional and social skills: We enable them to join conferences and trainings as well as to enjoy our Immatics benefits – e.g. job bike, job ticket, Health Programs, childcare benefits, relocation allowance, Company summer and winter events.
