

# DELIVERING THE POWER OF T CELLS TO CANCER PATIENTS

Immatics combines the discovery of true targets for cancer immunotherapies with the development of the right T cell receptors with the goal of enabling a robust and specific T cell response against these targets. This deep know-how is the foundation for our pipeline of Adoptive Cell Therapies and TCR Bispecifics as well as our partnerships with global leaders in the pharmaceutical industry. Operating from Tuebingen, Munich and Houston, we are committed to delivering the power of T cells and to unlocking new avenues for patients in their fight against cancer. For more detailed information, visit [www.immatics.com](http://www.immatics.com).

We are currently seeking a

## Senior Manager Cell Therapy Supply Chain (all genders welcome)

to support the clinical organization. This position is based in Tuebingen or Munich (Germany) and allows for remote working. Your analytical reasoning and action-oriented style as well as your organization and communication skills will contribute to the team's success. This is a permanent position.

Your main responsibilities will include but are not limited to the following tasks:

### Global business process owner across all clinical sites for the following entities of cell therapy supply chain:

- Leukapheresis
- PBMC intermediate from leukapheresis
- Investigational Medicinal Product
- Non- Investigational Medicinal Product (n-IMP)

### Accountability to deliver the business process by collaborating with multiple stakeholders

- Internal: Clinical Sciences, Clinical Operations, Medical, GMP Operations, Quality Control, Quality Assurance, Biomarkers
- External: Clinical site, manufacturing and logistics vendors

### Accountability to align Immatics, clinical site and vendors to enable a seamless and short end-to-end patient flow

- Lead cross-functionally on planning, forecasting, prioritization and escalation of patient material through patient journey to enable a short end-to-end time
- Activate and manage patient registration and study flow in software platform
- Coordinate leukapheresis and manufacturing slot allocation, sample shipment and logistics
- Maintain accountability for chain of identity, custody and temperature deviations during shipments, support deviations and develop CAPAs
- Interface with clinical operations to forecast patient infusions and align drug product delivery at the clinical site
- Maintain accountability for adequate packaging inventory, customs documentation and current import licenses

# DELIVERING THE POWER OF T CELLS TO CANCER PATIENTS

- Manage third-party vendors, contract, budget, invoice, provide on call coverage for vendors critical to patient journey
- Support clinical operations and CMC to enable new clinical site qualification and training for leukapheresis.
- Manage clinical site shipping qualification and training on most current SOPs for leukapheresis and drug product shipments

## **Accountability to manage n-IMP business process across EU and US**

- Develop a process that is globally harmonized to provide oversight of n-IMP inventory at clinical sites

## **Your profile**

You hold a bachelor's degree in sciences, engineering, or a related field. 3+ years of experience in the biotech/pharma industry is required. Ideally you have knowledge of logistics and distribution. Experience with cell therapy supply chain management would be a big plus. Your communication skills will enable you to succeed in this cross functional matrix role.

We expect a high degree of independent working, analytical reasoning, and excellent communication skills in English. You embrace rapidly changing requirements with an open mind, think outside the box and show a high degree of flexibility in an environment which is marked by a constant striving for excellence. Your goal is to support developing cell therapies as a therapeutic option for cancer patients. You approach tasks in a structured, reliable, and foresighted manner, combined with an elevated level of individual responsibility, enthusiasm, and strong social skills.

## **What we offer**

We are a committed and inspired team and cherish the collegial, highly motivated and family-friendly atmosphere within Immatic. Our culture allows for a high level of originality, independent thinking and initiative. We believe in supporting our employees' professional and social skills: We enable them to join conferences and trainings as well as to enjoy our Immatic benefits – e.g. job bike, job ticket, Health Programs, childcare benefits, relocation allowance, Company summer and winter events.

If you're interested in working for Immatic, please apply [online](#) and provide your application documents along with the relevant credentials and certificates. Coredi Recruiting GmbH advises Immatic on this job posting; Mrs. Rebecca Schön will answer initial questions at +49 89 1241 46 204.
